Tier movements

At the beginning of each month a review will occur of all members.

Those members eligible to move up into a new tier will be promoted on the first business day of the month. Each January and July a review will also take place of those members who have not earned enough points to stay in their current tier. These members may then be moved into a new tier.

For Example: Welcome John Smith Gold.

After this the current balance of your rewards points will also appear. One Reward Point is equal to one cent.

For Example: 2,000 points = \$20.00
1,050 points = \$10.50
